

Project Details

FM 1378 From FM 3286 to West Lucas Road

PROJECT LENGTH: Approximately 0.9 mile

COUNTY: Collin

- Widening the existing 2-lane roadway to a 4-lane roadway.
- A curbed median to separate the eastbound and westbound lanes.
- Drainage improvements within the project limits.
- Intersection improvements with turn lanes.
- The proposed typical right-of-way width would vary from approximately 130-feet to 140-feet, with additional for turn lanes and drainage improvements.
